

Will your employer pay for PSNA membership?

Companies handle professional development benefits in various ways. If you're not sure about your employer's policy, below is an email template you can use to inquire. When you copy and paste this template into an email, make sure to edit the highlighted areas with your specific information.

Date

Dear Your Approver's Name,

I'm requesting approval for payment for me to become a member of / renew my membership in the [Pennsylvania State Nursing Association](#). PSNA is the top association for the nursing profession in Pennsylvania, with more than 3,500 members. Its mission is to advocate, educate, and connect with registered nurses across the Commonwealth.

The membership fee is \$29.50 if paid monthly or \$354 if paid annually. Membership provides me with access to the following:

- Involvement with nurse and patient advocacy through various PSNA-led initiatives, including legislative advocacy and legislative ambassador offerings.
- Opportunities to enhance leadership skills through volunteer efforts and positions on boards and committees.
- Free and discounted CE, including Pennsylvania's mandated "Identifying Child Abuse" education and other courses to fulfill licensing requirements.
- [American Nursing Association](#) (ANA) offerings that include a mentorship program, nursing publications, CE events, and much more.
- Member-only savings and privileges on events, including regional conferences, RN networking mixers, and face-to-face and virtual education.
- Connections with new and experienced colleagues.
- Newsletters that keep me up to date on what's happening with nursing and health care priorities across the state.

I genuinely believe that my membership in PSNA/ANA would be a wise investment. It would have a positive impact on my professional development that would, in turn, benefit our organization.

Please let me know if I can proceed or if we can discuss this membership request further.

Thank you,
